

Welcome to The Dental Practice

We are pleased that you have chosen our practice to serve your dental needs. Prior to your scheduled appointment we would like to share with you more about our office and what to expect when you arrive. Upon your arrival we will do a complete examination using magnification, intraoral cameras and special lighting. Following the examination we will be able to form a diagnosis and recommend treatment options, based on what we feel is best for you, the patient. We will also work with you in establishing financial arrangements, and as a service to you; we will gladly submit your claims to your insurance company.

Here at The Dental Practice we offer many comprehensive services:

- Cosmetic procedures: bonding, whitening, and veneers
- Dental Implants (replace missing teeth and secure loose dentures)
- State of the art gum disease treatment with laser therapy
- We treat infected teeth with root canals
- We treat worn and broken teeth with crowns
- We can remove teeth when necessary

Our doctor team has extensive additional training that enables them to provide these services. Both Dr. Rabedeaux and Dr. Parsons are Academy of General Dentistry (AGD) members. The AGD is an organization that demands the highest level of commitment to continuous education. Dr. Rabedeaux has earned Mastership level, and Dr. Parsons will receive the Fellowship award this year. These recognitions apply to less than 5% of all dentists in North America.

With nearly 40 years of combined experience, your safety and great outcomes are our prime focus.

We take our professional obligation seriously and use high quality techniques and materials to provide treatments that our patients desire and deserve. Our fees are based upon what it costs to provide excellent dental care.

Please read and understand our financial policies before your appointment date. Also, in order to serve you more efficiently, we would ask that you **please fill out and return** the patient forms listed on our website.

If you would like further information regarding The Dental Practice, please visit us on the web at www.thedentalpractice.net. Thank you for choosing us to serve your needs. We look forward to seeing you soon!

Dr. Rabedeaux, Dr. Parsons & Team
